

RIVER CRUISES GROUPS VS. CHARTERS

Groups are a great option for your first sailing. With fewer rooms required, and no contract, you can enjoy a nice discount on your sailing without the financial commitment that comes with a charter.

If your group has the potential to be 15 to 55 staterooms, and you want a little freedom to customize your itinerary, you might want to explore doing a partial charter, or a full charter if it might be even larger. Charters allow for customization and other perks.
